

RE: Order to Cease and Desist and immediately remove all sexually charged negative libel

Mr. Walden,

You are hereby ordered to immediately cease and desist from associating my name with Leon Rouse or any other individual with whom I may have casually known or worked with in any capacity, and remove said references from print and internet media, including but not limited to Hawai'i Free Press. Failure to do so within 10 days will constitute your agreement that a criminal complaint will be filed with the U.S. Attorney General, Hawaii and Maui County Courts and the Provost Marshall General.

Your "news articles", published online in Hawaii Free Press, Inc., four times, connecting my name with a (cleared by the United Nations) child molester, merely because I worked in the same legislative office is libel, defamation, sexual harassment and endangerment of life.

These libelous, defamatory statements have clearly been made with malice, with the intent to harm my reputation through association.

Because these libelous and defamatory statements have been repeated four times thus far, and because of the sexual nature of the slur, this is ongoing sexual harassment.

Also, this continued sexually charged negative characterization has put me at risk of public physical attack. An individual who has themselves been molested or had their children molested, could read these denigrating comments, and due to the repetition and due to mental duress perceive me as a threat and may physically attack me.

The following are exact dates and transcripts of said acts of sexual harassment, libel and defamation.

**November 11, 2011**

"Netra Halperin—whose 2010 campaign for State Representative touted her on-the-job-experience **working under the supervision of convicted child molester Leon Rouse** as a legislative aide in the office of Rep Rida Cabanilla in 2009."

**August 09, 2011**

"...Netra Halperin—who touted her legislative experience **working under the management of the molester Rouse...**"

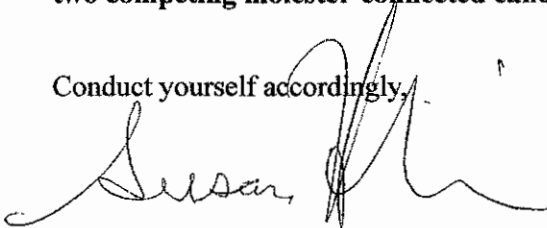

**March 13, 2011**

"...Halperin touted her legislative experience working in Cabanilla's office which was at the time **under the supervision of convicted child molester Leon Rouse.**"

**August 2, 2010**

"...Netra Halperin, who touts her legislative experience working as a "Legislative Aide, State Rep Rida Cabanilla, 2009 session" which means that Halperin worked under Cabanilla's office manager, **who just happens to be the very same Leon Rouse [convicted child molester]** earlier employed by Bertram. Kihei may be the only place in America, if not the world, where voters will be given a choice between **two competing molester-connected candidates.**"

Conduct yourself accordingly.

Susan "Netra" Halperin
