DIRECTOR AND CHIEF ENGINEER

IN REPLY REFER TO:
13-032

The Honorable Stanley Chang, Chair
Public Works and Sustainability Committee
Honolulu City Council
530 South King Street, Room 202
Honolulu, Hawaii 96813

RECEIVED
2013 MAR -5 A 9 49
CITY COUNCIL
HONOLULU, HAWAII

Dear Chair Chang:

Subject: Responses to Questions about the Pavement Condition Index Report

In our recent review of the above report, the following concerns were raised:

1. Can the committee receive a breakdown of the PCI by district.
2. Can the committee receive a list of all the streets with a PCI of 25 or lower.
3. Can DFM provide the names of the streets listed in the report.

Attached are the PCI breakdowns, the list of streets requested, and the streets that appear in the report with the street names noted. In addition, we have included district maps, having heard that it was difficult to see some of the streets. The approval of the administration is evidenced by the signature of the Managing Director below.

If you have any questions, please contact Tyler Sugihara, Chief of the Division of Roads Maintenance, at 768-3600. Mahalo for your support of our work in this area.

Sincerely,

Ross S. Sasamura, P.E.
Director and Chief Engineer
